

## Delaware County Senior Services Levy Distribution and Placement of Yard Signs

Thank you for your help in getting our yard signs placed in visible locations. Here are a few important guidelines to keep in mind when distributing signs:

- DO NOT place a sign without permission from the property owner.
- DO NOT place signs on public property, in roadway medians or right of ways, or in areas that interfere with visibility or traffic patterns.
- DO place signs on the side of the sidewalk closest to the house in cities. In rural areas, or where there is no sidewalk, place the sign back from the road on the other side of utility poles.
- DO place signs at an angle best read by the majority of people.
- DO retrieve signs within one week after Election Day, May 8, or ask property owners to dispose of signs at that time. The corrugated plastic can be recycled or the sign returned to 800 Cheshire Road, Delaware.
- DO take official flyers or fact sheets with you to share with others.
- DO share these guidelines with anyone helping you distribute signs.
